

In Partnership with:

School Travel Map

LET'S GET SURREY ACTIVE

Surrey's Greener Future

THIS MAP HAS BEEN CREATED BY SURREY COUNTY COUNCIL'S SAFER TRAVEL TEAM IN PARTNERSHIP WITH LIVING STREETS, THE UK CHARITY FOR EVERYDAY WALKING.

The aim of this map is to encourage more secondary school pupils to actively travel to school, reducing their carbon footprint, while creating a cleaner, greener route to school.

YOUR SCHOOL

At Collingwood College we are proud to be working with Surrey County Council to create a cleaner, greener Surrey by encouraging as many students, staff, parents and carers as possible to travel to College actively and sustainably. That's why we run a range of initiatives to promote awareness of and remove barriers to active and sustainable travel including: cycle training and onsite storage, road safety training as well as participating in national sustainable travel campaigns and travel surveys.

Collingwood College has been awarded Bronze accreditation by Modeshift STARS, Demonstrating our commitment to sustainability, active travel and pedestrian safety.

1 MILE = 20 MINUTES OF WALKING

CHILDREN AND YOUNG PEOPLE NEED A MINIMUM OF 60 MINUTES OF PHYSICAL ACTIVITY PER DAY

Public Health England, 2019

Our College is located within a short walking distance from Park & Stride areas, green spaces and local landmarks, including Black Hill, Earlswood Park, Lightwater Country Park, Frimley Lodge Park, Barossa Common, Camberley Theatre and Town Centre, making it even easier and more enjoyable to walk or cycle to College.

Remember to use the crossing points, in particular the pedestrian footbridge near Camberley Fire Station and Gibbet Lane when crossing the A30, and the pelican crossing at the Caesar's Camp Road junction. If you are walking through parks please be mindful, making sure you take well-lit routes and buddy up.

WHY ACTIVE TRAVEL IS GOOD FOR YOU

IT'S SOCIAL

IT'S HEALTHY

IT'S GOOD FOR YOUR MOOD AND MENTAL WELLBEING

IT'S FREE

WALKING = 20 MINUTES OF FREE CHAT TIME BEFORE SCHOOL

KEEP SAFE!

Follow the guidance from roadsafetygb.org.uk

CHOOSE TO WALK

VIA FRIMLEY/ CAMBERLEY

Park & Stride from one of the nearby residential streets on Upper College Ride. Alternatively hop off the bus early on Upper College Ride and walk the remaining **5-10 minutes to College** with friends.

VIA BAGSHOT

Hop off the bus a few stops early on London Road and walk the remaining **15 minutes to College**. Alternatively Park & Stride from the Waitrose car park for a longer walk - a great way to catch up before College starts.

Parking (or dropping off) at least 10 minutes away from College and walking the last part of the journey is an easy way to get the benefits of active travel. It also means traffic congestion and pollution around the College is improved and can shorten car journeys for parents/carers who travel to work after the school run.

CHOOSE TO CYCLE

Cycling is another great way to travel to and from College sustainably and get your physical activity in.

VIA BAGSHOT

For a safer and more enjoyable cycle use the cycle paths through Earlswood Park and along London Road before reaching the College gates. But be vigilant as the roads may be congested.

Remember whichever route you take, don't forget to stick to The Highway Code, wear a helmet and bring bike lights for darker mornings and afternoons. Avoid poorly lit or secluded cycle routes where possible.

Bike storage can be found on-site on a first-come-first-serve basis.

WHY ACTIVE TRAVEL IS GOOD FOR THE ENVIRONMENT

IT DOESN'T CAUSE AIR POLLUTION

IT REDUCES CONGESTION ON THE ROADS

AIR POLLUTION CONTRIBUTES TO AROUND 40,000 DEATHS A YEAR

NHS Medical Director Professor Stephen Powis, 2020

INCREASE PHYSICAL ACTIVITY

REDUCE CARBON EMISSIONS

HOW CLEAN IS THE AIR NEAR YOU?

SAFER TRAVEL IN SURREY

SURREY COUNTY COUNCIL'S SAFER TRAVEL TEAM HAVE BEEN WORKING ACROSS THE COUNTY TO INCREASE ACTIVE AND SAFER TRAVEL TO SCHOOL AND RAISE AWARENESS OF AIR QUALITY ISSUES.

Schools across Surrey are completing Active Travel plans using Modeshift STARS.

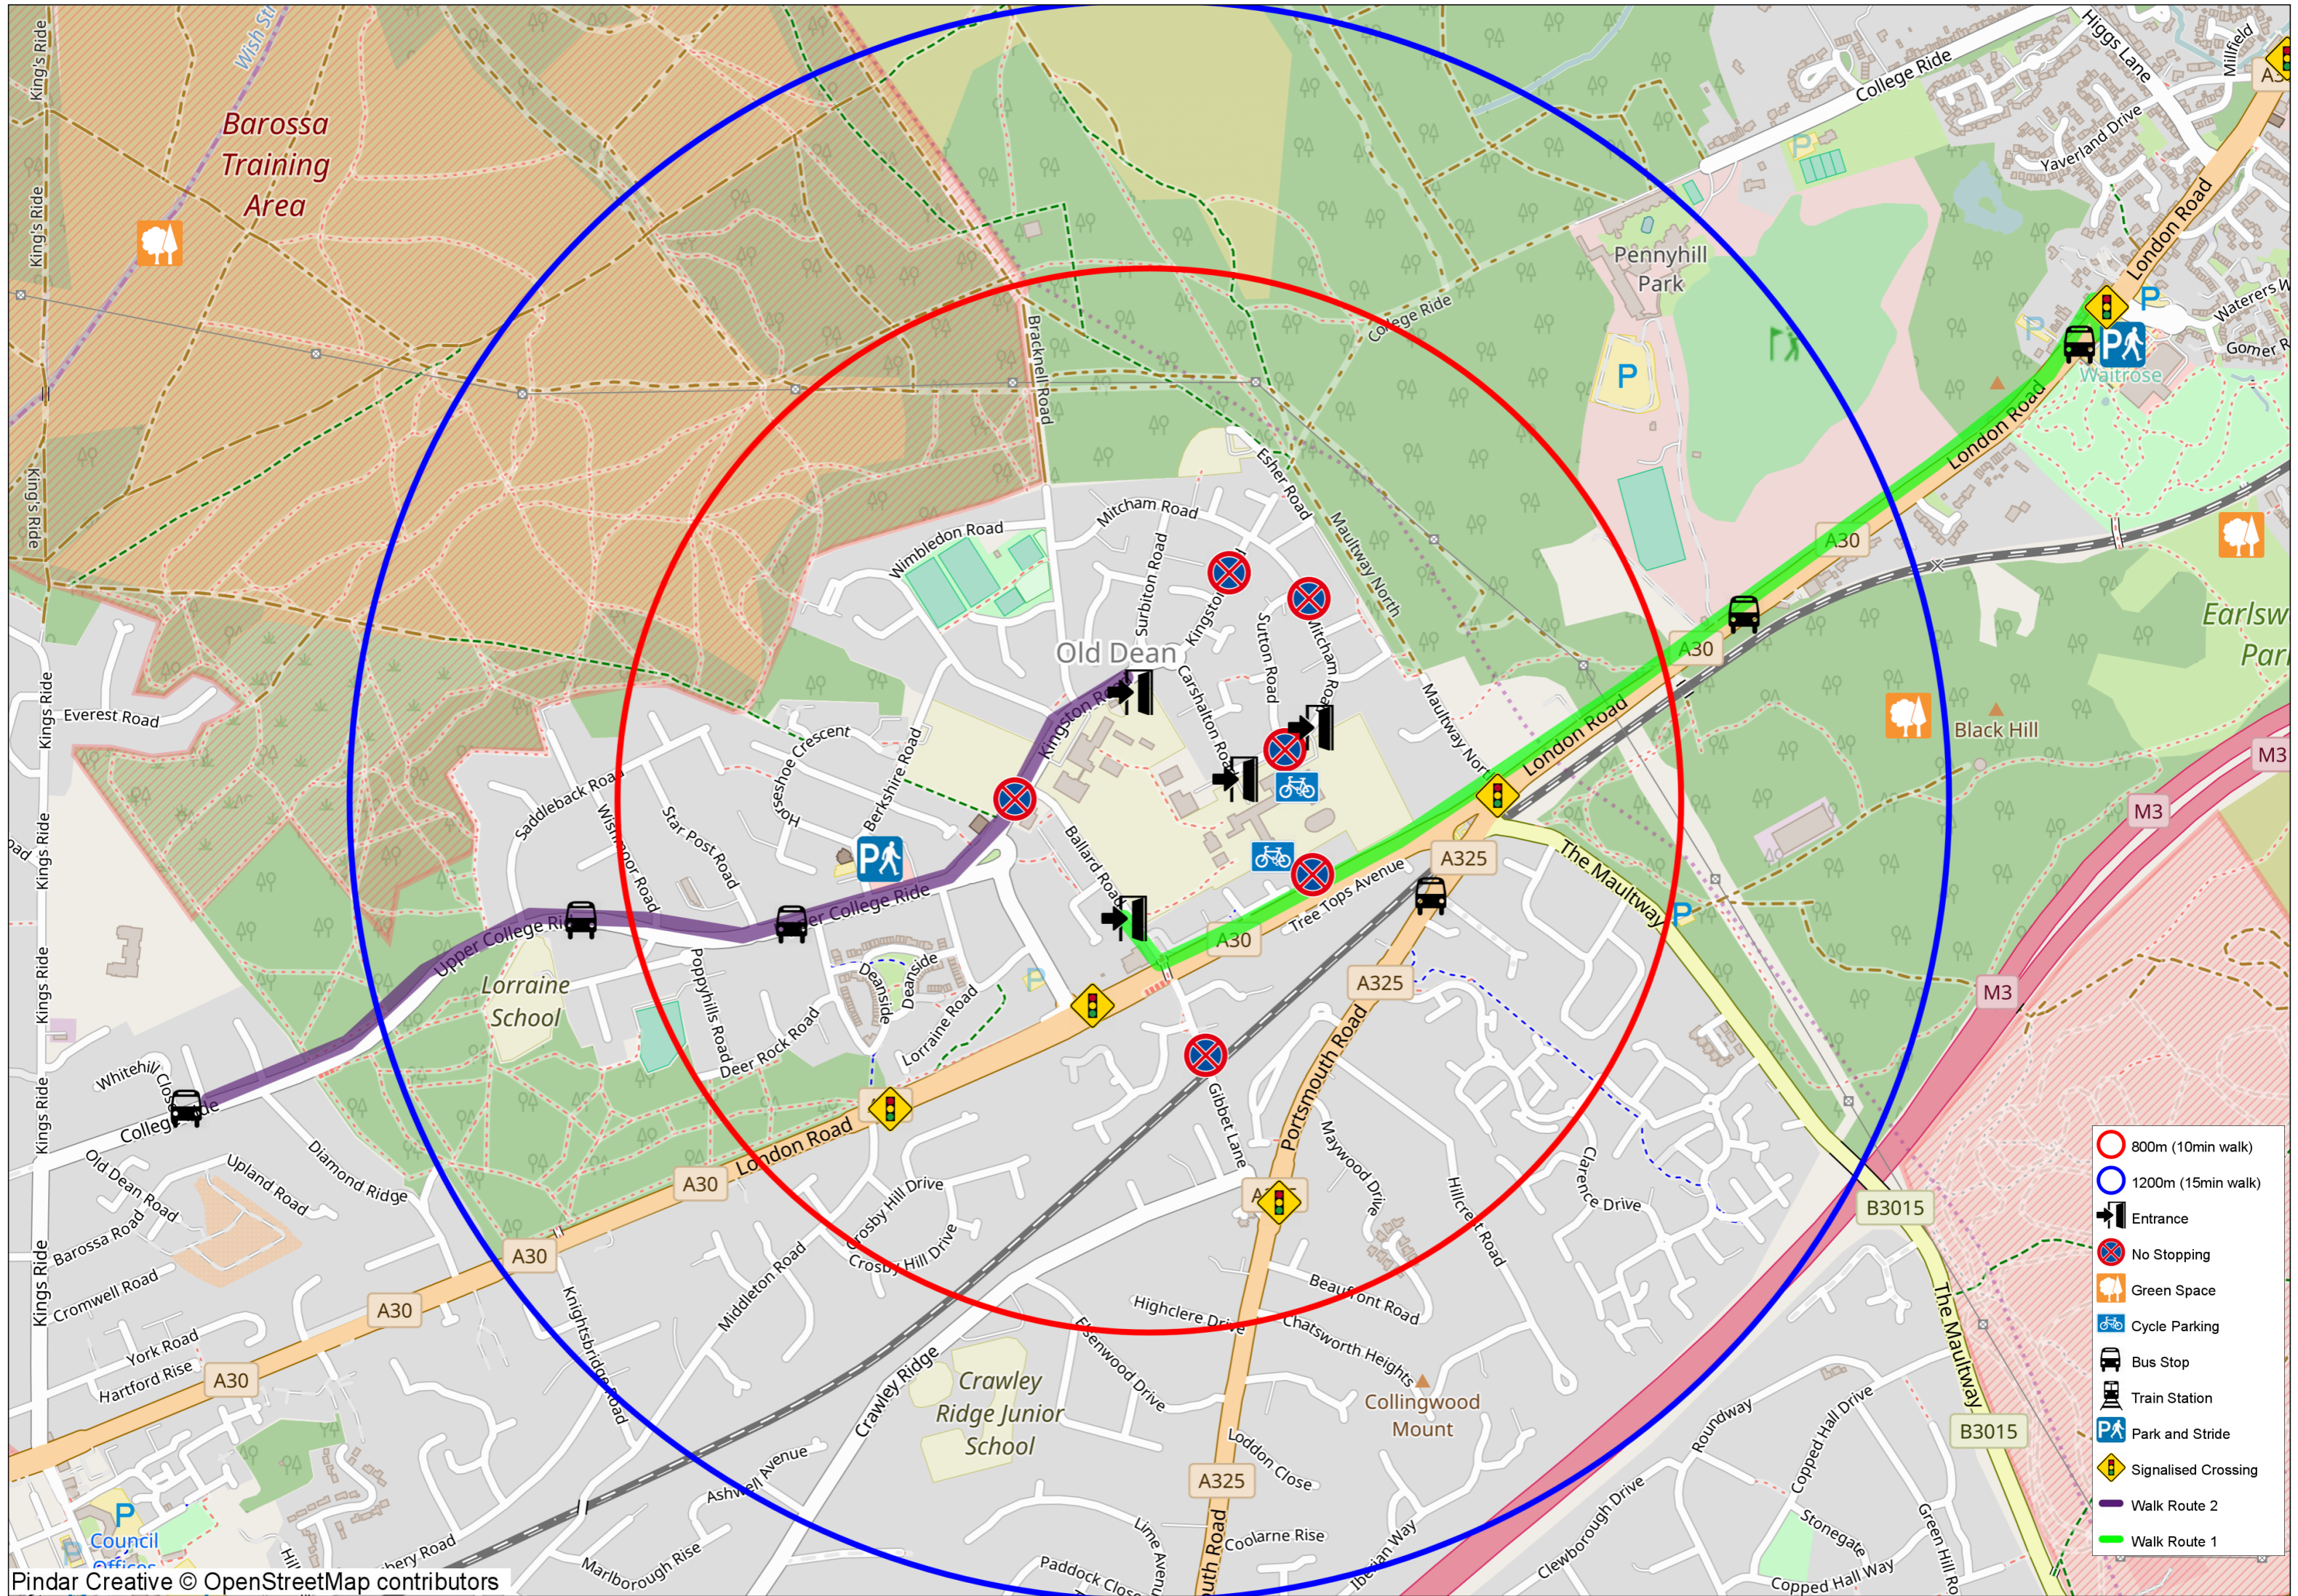

The Safer Travel Team offers schools a range of cycle training and pedestrian awareness programmes to help schools achieve their travel plan targets.

WITH YOUR HELP we are one step closer to achieving a cleaner, greener Surrey.

CLEANER GREENER TRAVEL
